

The following costs include use of sleeping accommodations, dining hall, outdoor dining, game room, fire circle, chapel, basketball court, mini-golf, and Frisbee golf. Our camp store can be opened during the afternoons (in summer or fall) if you request it before you arrive.

Additional staff and fees are required for the rock wall, pool, and guest group use of the camp kitchen. You must schedule these activities at least three weeks prior to your arrival for us to have staff available.

NOTE: As this camp is run on all volunteers, there is a small possibility that we can't get the needed volunteers to run the activities you would like when you would like them.

An accurate guest count must be given to the camp office one week before your arrival. Your group will be charged for this total even if fewer guests show up and extra guests will be charged an additional 20% each.
